- **Members of Tourism Stakeholder Organisations**
- **Members of the media**
- **Ladies, gentlemen and children**

Good afternoon.

It is my pleasure to welcome you to the opening of the STAR Tourism Caravan. Gulf City is the Caravan's first stop and we are thrilled to be here and for the opportunity to meet and interact with you all.

The Tourism Development Company (TDC) is hosting this caravan to expose members of the public to the goals, initiatives and

outputs of the tourism sector. Tourism is much more than hotels, beaches and tour guides. A lot of effort goes into the operation of the sector and today you have the opportunity to learn more about this exciting industry.

Do you agree that we live in an amazing country? Think about all of our different foods, beautiful places, animals, plants and festivals. Indeed, we have a lot to share with visitors to our destination.

As the development of the tourism industry forms part of government's thrust towards economic diversification, the TDC is working with stakeholders - many of whom you will meet today - to nurture our traditional tourism products, to develop new and innovative tourism products and services and ensure that they meet international standards.

I invite you to participate fully with us this afternoon. Visit the exhibitor booths – with us today we have persons representing the different elements of tourism – accommodation providers, tour operators and sites and attractions. Test your knowledge by participating in our quizzes to win fun prizes. Enjoy the entertainment.

For those of you interested in a career in this dynamic and rewarding industry, we have the Trinidad and Tobago Hotel and Tourism Institute here to offer career guidance and advice.

Whether or not you choose to work within tourism or its related industries, as a citizen and resident of Trinidad and Tobago, you are a tourism ambassador for the destination. I urge you to consider this responsibility in the execution of your job, regardless of your position or the industry in which you work; when you interact with strangers on the streets; in the way you treat the environment and our flora and fauna; and even in your posts about

the country on social media. Trinidad and Tobago is our country and it is up to all of us to do our part to preserve, protect and promote this paradise we call our home.

Thank you.
